# State Route 201

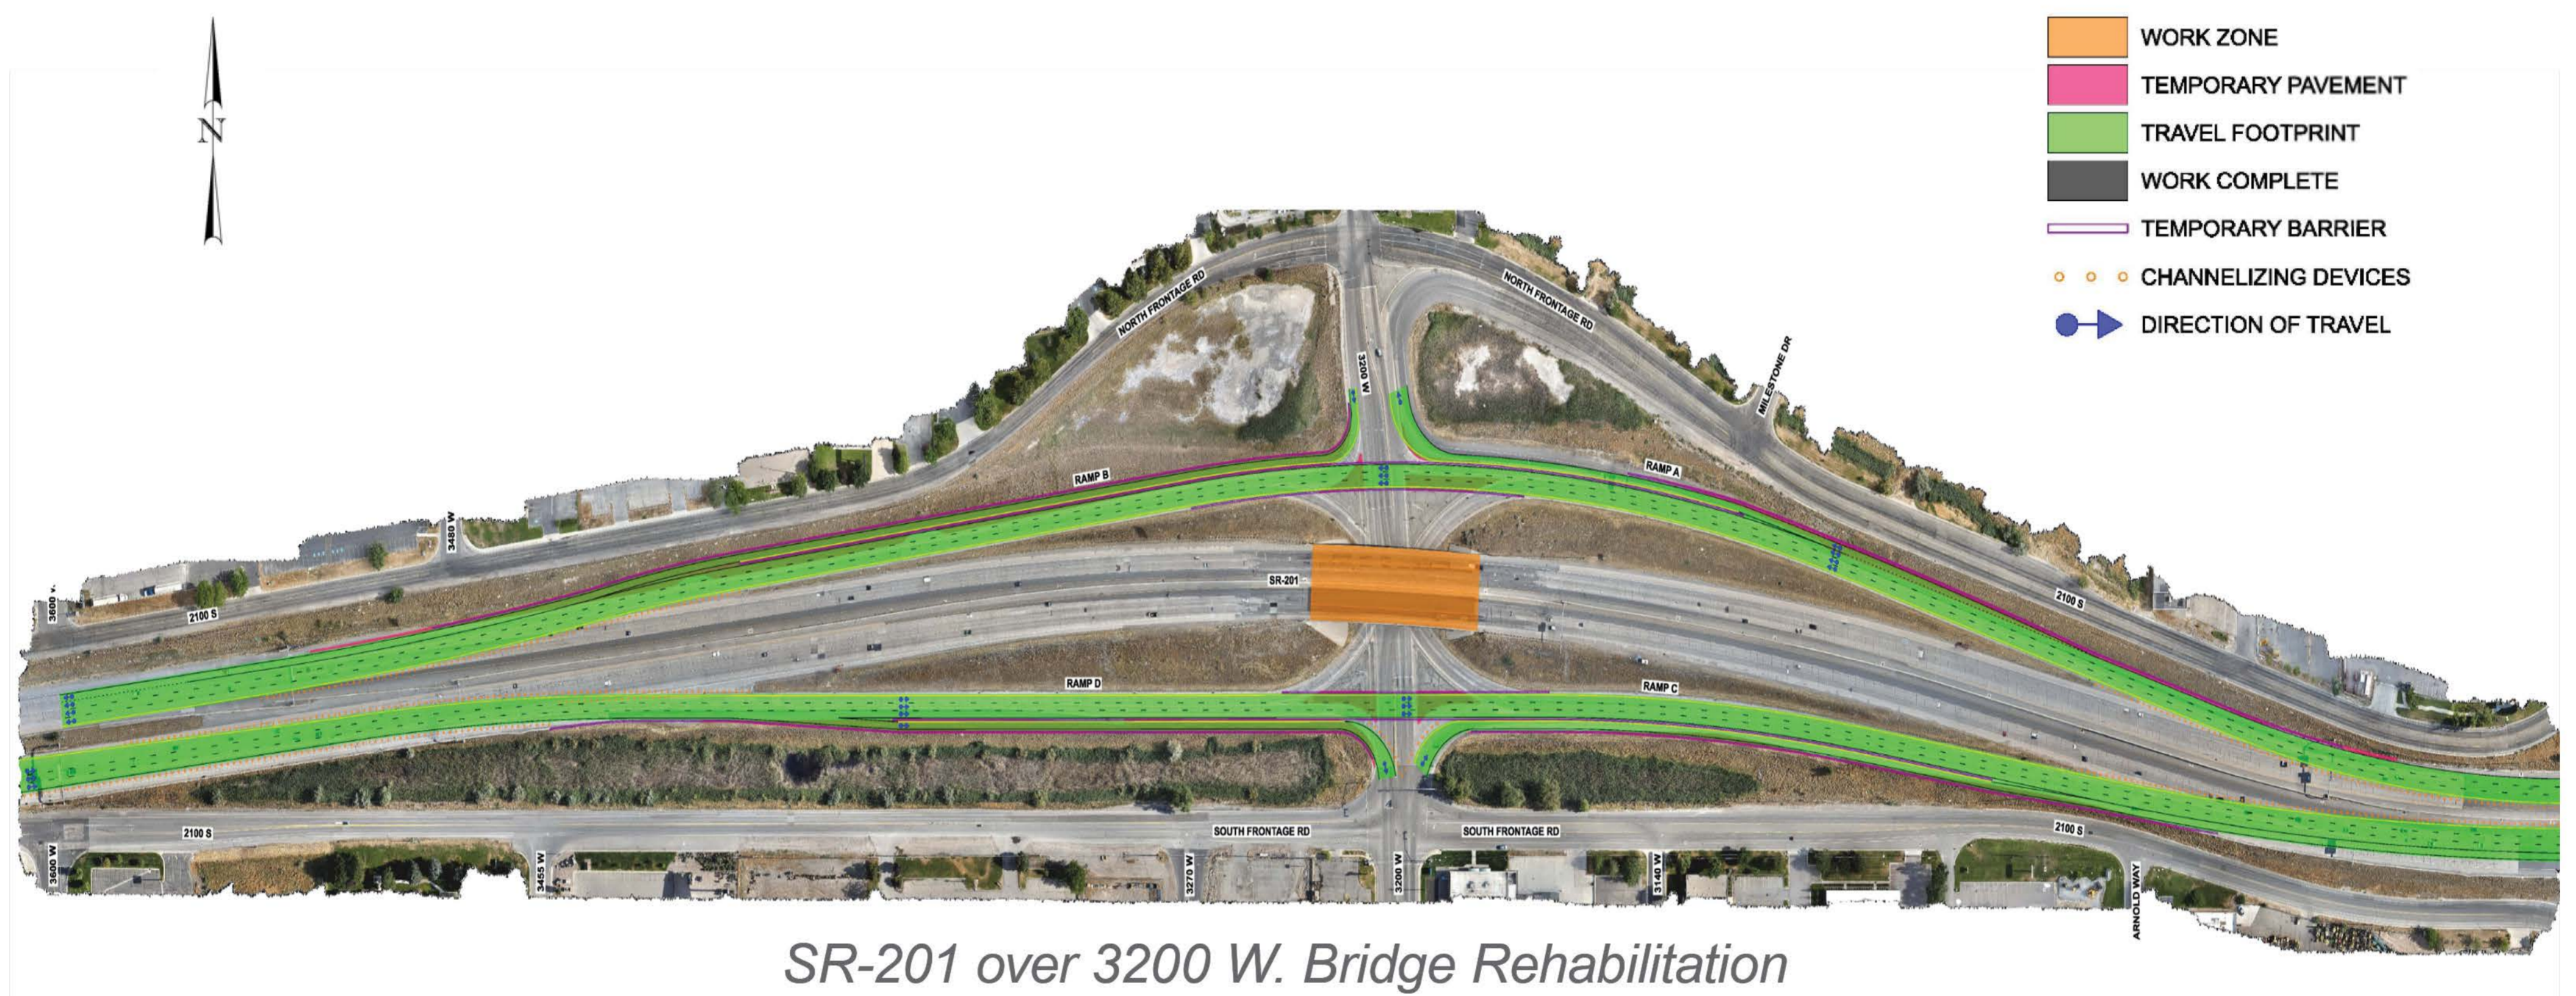

I-215 to Bangerter Highway

**BRIDGE WORK**  
by UDOT

## Project Overview

The Bridge Deck Rehabilitation Project is located on State Route 201 at 3200 West. Crews will demolish the two bridge decks on SR-201 and replace them with new, smoother driving surfaces. **Drivers should expect delays of more than 30 minutes on SR-201 during peak travel times.** 3200 W. is scheduled to be closed to traffic under the SR-201 bridge during construction. Traffic on SR-201 will be detoured down and up the ramps in a free-flow condition with right-in / right-out access at 3200 W. Construction is expected to start summer 2024 and take approximately six months to complete.

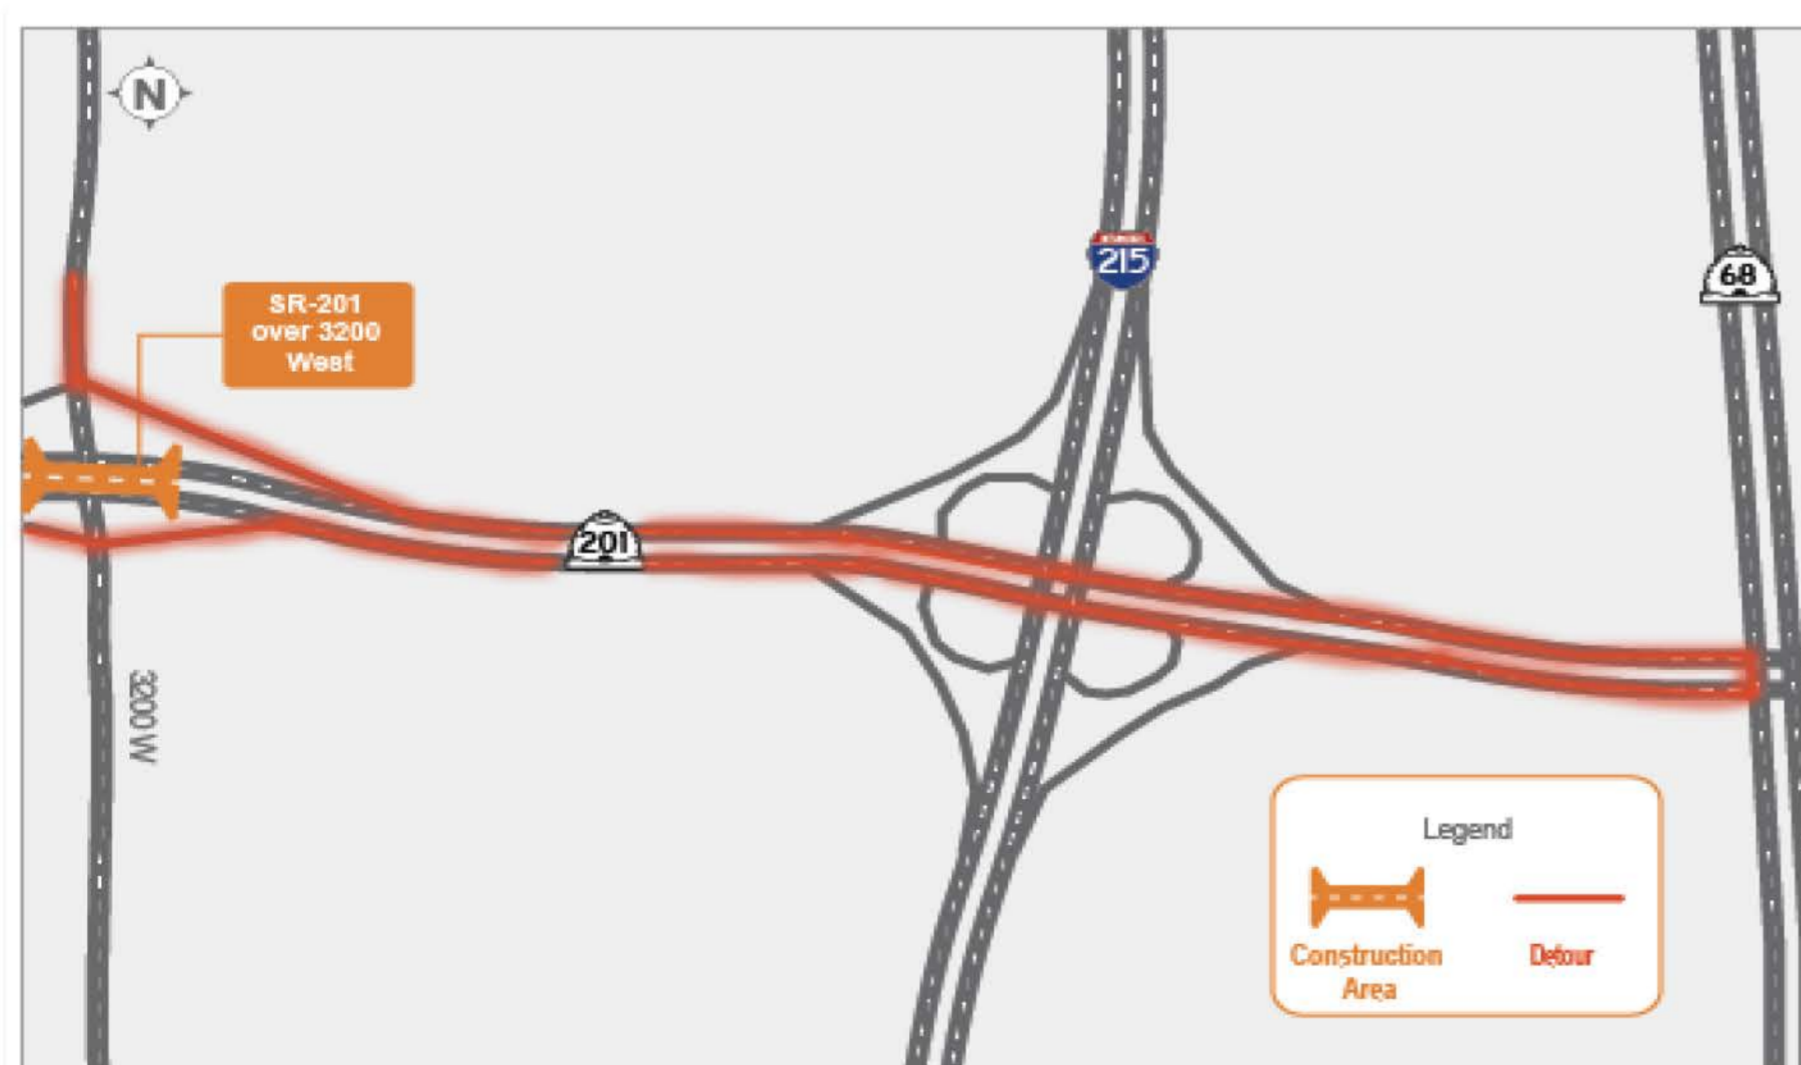

**Drivers are encouraged to take I-80, I-215, Redwood Road, 3500 South and other alternative routes to avoid delays.**

SR-201 over 3200 W. Bridge Rehabilitation

## 3200 West closed under SR-201. Please use detours.

Northbound 3200 W. traffic should detour to Redwood Road, and Southbound 3200 W. traffic should detour to Bangerter Highway.

**Descripción general del proyecto:** El Proyecto de Rehabilitación de la Cubierta del Puente está ubicado en la Ruta Estatal 201 en 3200 West. Las cuadrillas demolerán las dos cubiertas del puente en la SR-201 y las reemplazarán con superficies de conducción nuevas y más lisas. Los conductores deben esperar retrasos de más de 30 minutos en la SR-201 durante las horas pico de viaje. La 3200 W. está programada para ser cerrada al tráfico bajo el puente SR-201 durante la construcción. El tráfico en la SR-201 se desviará hacia abajo y hacia arriba de las rampas en una condición de flujo libre con acceso a la derecha a 3200 W. Se espera que la construcción comience en el verano de 2024 y tarde aproximadamente seis meses en completarse.
